Description

Mahogany Wall or Display Shelf with Twisted Columns
Late 19th century Charming mahogany display shelf, featuring four shelves supported by elegant, rosary-shaped turned columns. This refined piece evokes late 19th-century English and French designs, inspired by the Louis XIII and Victorian styles. Its harmonious proportions and shallow depth make it suitable for use in a library, kitchen, or cabinet of curiosities, or for displaying porcelain, trinkets, and collectibles. The warm patina of the wood highlights the even turning of the legs and lends the piece an authentic charm.
Condition In good overall condition. Some signs of wear, minor scuffs, and superficial marks consistent with its age and use. Stable and sturdy structure.
