Description

A very charming and intriguing solid brass plaque featuring intaglio engraving and original black enamel lettering. Probable origin: a gaming club, a luxury hotel, nightclubs, or other nightlife venues in Paris... Authentic patina with some signs of use - looks better in person than in photos, with a beautiful sheen; a somewhat difficult object to photograph. Ready to hang thanks to its original wooden backing and four mounting holes. Carefully packaged; tracked shipping within 24 hours/48 hours. Payment methods: Credit card, bank transfer, or PayPal.
