Description

A beautiful bronze wall high relief, Renaissance style, depicting an allegorical scene: the master's lesson, a handsome figure with face of a philosopher, leaning over a child's face. Beautiful bronze casting, meticulously crafted, which appears to me to be from 19th century. This piece is screwed onto an antique wooden plaque lined with used silk, and there is a collector's mark on back ink written. The bronze: 10 cm x 7.5 cm x 3.5 cm, weight 220 g. The plaque: 16 cm x 10 cm. Buy Now: payment accepted via credit card or PayPal. -- eclectic -- We are not experts, but we have been in this business for over 50 years.
