

## A Miniature Depicting An Elegant Lady From The Late 18th Century

280 EUR

Period : 18th century

Condition : Bon état

### Description

A miniature depicting an elegant lady from the late 18th century. A delicate miniature depicting a young woman in a bust portrait, dressed in the fashion of the late reign of Louis XVI. Her powdered hairstyle adorned with pearls, her lace-trimmed neckline, and the softness of her features reflect the refined taste of that era. The face is rendered with finesse and delicacy, in a palette of soft tones that lends the entire piece great elegance. Presented in a gilded brass oval frame, this miniature is a charming example of late 18th-century portraiture. Louis XVI period, late 18th century. Dimensions: 5x6 cm
