Description

Another large and striking ceramic wall plaque with an abstract design by Helmut Schaffenacker. Hand-glazed cast piece, complete signature in the lower left corner, stamped on the back. This wall scone is unique--a true three-dimensional sculpture, typical of the classical practice of bas-relief. 50 cm per side x 9 cm, as seen. Signed in the lower left corner, with the usual stamp and mold number on the back. This panel has been professionally restored using illusionistic restoration techniques.
