

## Louis XV Chest Of Drawers

2 500 EUR

Period : 18th century

Condition : Parfait état

Material : Solid wood

### Description

Curved Louis XV-era chest of drawers in solid walnut. Exceptional proportions. Southern France, Provence. It opens via a drop-down panel to reveal a series of drawers. It also features a trap door and a secret compartment, which add to the charm of this type of furniture. Note the lectern-style support on the front. The lower section of the curved chest of drawers consists of two drawers. The brass fittings and keys are also period pieces. The exquisite carving highlights its lines. Free shipping within France.
