Description

A pair of Art Deco-style cast-iron bird sculptures with a polychrome patina. The birds are depicted in dynamic motion, just as they take flight, resting on naturalistic bases adorned with branches and foliage. The rendering of the plumage and the elegance of the composition lend the set a beautiful decorative presence. The patina in shades of green and brown highlights the reliefs and emphasizes the decorative character of these sculptures. Dimensions: Height: 20 cm Width: 14 cm Depth: 20 cm
