### Description

A beautiful framed painting of "Diane au Bain," from the school of François Boucher. This lovely oil on canvas, painted on a period stretcher, is rich in texture and executed with brilliance; it is a smaller version of the well-known work by the "Great Master" of painting during the reign of Louis XV. A lovely painting full of sensuality and beautiful color. A faithful studio reproduction from the period--not without interest--sensual and full of voluptuousness, transporting us to the mid-18th century. This beautiful painting, with its lively and masterful brushwork, has everything to charm; it is decorative and features a lovely subject. The painting is in good original condition, well-preserved, and attractively presented.
