1 100 EUR

Period : 20th century

Condition : Bon état

Material : Glass

Width : 12 cm

Height : 14 cm

### Description

An elegant Jaeger-LeCoultre table clock, featuring a refined, minimalist design with an oval metal case and large glass panels that highlight the sophisticated exposed mechanical movement. The unique construction allows you to admire the balance wheel, gears, and other mechanical components--a testament to the high-quality craftsmanship and watchmaking tradition of the renowned Swiss manufacturer Jaeger-LeCoultre. The clock is in good overall condition considering its age, with normal signs of aging and use. It is in working order but requires servicing; proper functioning is not guaranteed, and maintenance is therefore recommended before continuous use.
