Description

A two-door Louis Philippe-style cabinet, made in the second half of the 19th century. Lacquered in an elegant antique cream finish with moldings and turned columns in a delicate powder blue, this piece combines refinement and striking visual presence.Featuring a lockable central top drawer and four adjustable interior shelves, it offers ample storage capacity while maintaining harmonious lines and classic proportions. The doors close perfectly thanks to the original locks, while the spherical feet and fluted columns with floral capitals lend the piece a sense of lightness and elegance.Perfect for both classic settings and interiors with a shabby-chic or Provençal vibe.
