

Weather Vane Featuring A Patinated Copper Rooster - 19th Century

850 EUR

Period : 19th century

Condition : Très bon état

Material : Copper

Width : 65

Height : 130

Description

A large decorative weather vane made of patinated copper depicting a rooster, mounted on a directional spire marked with the cardinal points. This beautifully crafted piece features an elegant antique patina with shades of verdigris, giving the entire piece an authentic and refined character. The rooster, rendered with simplicity and precision, has a balanced and expressive silhouette. This piece combines decorative appeal with the charm of traditional folk art. Very good overall condition. Slight signs of aging consistent with its age and use, contributing to its authenticity. Dimensions: Height: 130 cm Width: 65 cm
