Description

Vase from the "Progetti" series by Gianfranco Frattini for Kristal Sonoro. An elegant vase made in Italy in the 1980s. It consists of a large crystal bowl on the outside and a frosted crystal cylinder resting on an anthracite-colored plastic ring. A rare piece by designer Gianfranco Frattini, who earned his degree in architecture in Milan after studying under Gio Ponti. The vase is in excellent condition, showing only slight and normal signs of aging.
