Description

A scale for weighing letters or, in some cases, small packages...Made of steel...In several pieces..., With a pulley system...From the 1900s...In working condition...I had it sandblasted to clean it up...You can polish it if needed or desired...Origin: CZECHOSLOVAKIA...Made for FRANCE or EUROPE...?I don't know...!A model I find quite rare, as this is the first one I've seen...From zero to 500 grams...
