Large 19th-century Library Staircase With Five Steps, Made Of Molded Walnut

1 850 EUR

Period : 19th century

Condition : Très bon état

Material : Solid wood

Description

Walnut Library Staircase - Late 19th CenturyCharming solid walnut library staircase, dating from the late 19th century, with five steps, combining elegance and functionality. This design provided access to the high shelves oflibraries, studies, or old shops, while serving as a distinctive piece of furniture in its own right.It features meticulous craftsmanship, with a structure of straight uprights, finely scroll-cut crossbars at the bottom, and steps withslightly molded edges. The top surface can also serve as a small shelf for books or other items.The beautiful patina of the walnut, developed over time, highlights the wood's grain and lends this piece an authentic charm. Sturdy and stable, this staircase retains both its decorative and functional appeal.It will naturally find its place in a library, a
