Description

Important carved, gilded, and polychrome wooden console table from the Louis XIV period, late 17th century.The console depicts a cherub with curly hair and delicately carved wings adorned with feathers, resting on a flared base carved with godrons.Original gold leaf gilding and polychrome paint in good condition (with some old touch-ups to the gilding)This cherub is an architectural sculpture that was likely originally part of an altarpiece or an interior from that period (the top was added at a later date).Italian work from the late 17th century.
