Description

A sober and elegant military treatise from the reign of Louis XV: "Essay on the Science of War," or A Collection of Observations by Various Authors on the Means of Perfecting It. By Baron d'Espagnac, Brigadier of the King's Armies. Three volumes in 12mo, in sheepskin with ribbed spine, half-bound with reinforced corners, speckled mastic paper, gilt metal on the panels, gilt volume numbers, and title in red morocco, all in contemporary binding. Published in The Hague, and available in Paris, at Ganeau, rue Saint-Séverin, under the "Arms of Dombes" sign. AD 1753. Headbands and tailpieces for this rare and significant work on military tactics.
