### Description

The design of these pieces of jewelry draws inspiration from the most classic vintage goldsmithing tradition, characterized by refined craftsmanship. The setting and the clasp are crafted from 18k yellow gold. At the center are two natural oval-cut rubies, distinguished by their intense and vibrant red color, set in a prong setting. Each gem is surrounded by a border of antique-cut rose-cut diamonds, mounted on a burnished silver base to emphasize their brilliance and create a captivating color contrast. The back of the oval setting reveals exquisite openwork and gallery detailing--a high-quality feature that allows light to pass through the stones and attests to the artisanal craftsmanship of the piece. The earrings are finished with a practical and secure hook clasp, ensuring a perfect fit just below the
