Description

Monogram G.K. (?) (20th century) Faun with a Fish Mixed media on paper Dated 1977 62 x 45 (viewable area under glass) | 70.5 x 50.5 cm with frame - A rich composition featuring a strange anthropomorphic figure, reminiscent of a faun, moving among fish, a female nude blending into a tree, a sunflower, and dense vegetation. A dreamlike atmosphere where the realms of nature seem to intertwine within a symbolist and neo-pagan universe. The medium, freely applied through a combination of collage, oil pastels, black lines, and colorful highlights, forms a graphic network of great vitality. At the crossroads of Neo-Expressionism and the spirit of the future Figuration Libre movement, this composition emphasizes evocative power, leaving it up to the viewer to construct its meaning.
