Description

An elegant bronze paperweight with a beautiful antique patina, depicting a hunting dog lying down in a calm and alert pose. The quality of the sculpture is evident in the finesse of its modeling, the meticulous rendering of the coat, and the animal's particularly realistic expression. The sculpture rests on a rectangular base of red griotte marble, accented by a thin brass frame, creating a refined contrast between the warmth of the bronze and the rich hues of the stone. Both decorative and functional, this piece will naturally find its place on a desk, in a library, or within a collection dedicated to animal bronzes. Work by French masters from the late 19th-early 20th century. Dimensions: Length: 29 cm Width: 12 cm Height: 12 cm
