680 EUR

Period : 20th century

Condition : Très bon état

Material : Gold

### Description

Belle Epoque duchess ring in 18k rose gold and platinum, set with three rose-cut diamonds arranged in a clover motif and a small pearl, likely a fine pearl. Circa 1910. Specifications Ring size: 48 (adjustable). Height of the design: 1.2 cm. Gross weight: 2.6 g. Metal: 18k rose gold - 750/1000 and platinum 850/1000. Hallmarks: owl for gold, mascaron for platinum. Condition Belle Époque duchess ring in very good overall condition. One of the table-cut diamonds has slightly more noticeable inclusions than the other two stones in the clover--a natural irregularity, common in antique cuts, which in no way detracts from the overall appearance of the design. The pearl, very white, displays a beautiful pinkish-to-bluish luster, a sign of high quality.
