Description

18-karat yellow gold (750 ‰) and stainless steel
Weight 57 g
Wrist circumference ‰ 17-18 cm;
flexible band that fits most wrists
Circa 1980s
Two-tone Bulgari bracelet, Parentesi Tubogas line. The flexible band consists of four parallel rows of stainless steel Tubogas -- a flexible, seamless band -- opening at the front to reveal two facing Parentesi motifs in 18-karat yellow gold, whose stepped geometric shape echoes the travertine joints of ancient Roman pavements. The open, elastic construction allows the cuff to fit most wrists. Total weight: 57 g; designed for a wrist circumference of approximately 17-18 cm.
