

Traditional Double-sided Door With A Flat Panel

750 EUR

Period : 20th century

Condition : Bon état

Description

Traditionally crafted doors, dowelled, moulded and panelled with flat panels on both sides, mounted on a door frame that fits onto one side of the wall, complete with hinges. An interesting set of doors, in good condition. They were manufactured in the 1950s (Jansen quality). They are priced at EUR750 each. Dimensions vary for each door. List attached in the photo
