Description

The winter scene invites you on a journey. Both the chickadees and the hut are highlighted by the hills and enhanced by the snow-covered tree. The sky-blue background contrasts beautifully with the midnight-blue frieze at the bottom. The raised border on the upper section is inspired by a garland. The motifs include interlacing patterns, acanthus leaves, and rooster combs--all featuring an alternating solid-and-void design. Slight hair strands visible. Its scalloped edge invites you to organize and personalize your home. Delivery available (not included in the price)
