

Antique Sculptural Group "woman With Child" - 19th-century Style

550 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Height : 38cm

Description

An elegant bronze sculpture depicting a young woman seated and playing with a child. The mother delicately holds a small bird suspended above the child, creating a tender and poetic scene. The rendering of the drapery, the subtlety of the expressions, and the balance of the composition attest to a beautiful work of sculpture inspired by antiquity, in the style of late 19th-century French works. Height: 38 cm
