Description

- Medici-style vase in Aleppo breccia marble, 19th-century work.- The elegant proportions of this vase, carved in one piece from Aleppo marble, highlight the meticulous craftsmanship of the sculptor. Its curved sides allow one to observe, under different lighting conditions, the nuances of the Aleppo breccia marble, which is composed of multiple fragments of varying sizes, shapes, and colors (reds, grays, blacks, yellows, oranges, grays, and browns). The luminosity of the polished marble gives this vase a very distinctive and decorative character.- In good condition; some wear and restoration work are present. - Dimensions: Height: 40 cm, Diameter: 29.5 cm
