

African Art (1) - Stone Sculpture: Woman, Child, Ritual Object--mali, Guinea, Ivory Coast

350 EUR

Period : 20th century

Condition : Bon état

Material : Stone

Height : 22 cm environ

Description

A mysterious and unsettling altar stone sculpture. Dogon? Djenné? A ritual object evoking the theme of fertility, depicting a female or male figure and a child. In good overall condition. Some signs of (ritual) use, and some traces of ancient polychromy on the side. A few small impact marks. Collected in the 1950s in the region of southern Mali, eastern Guinea, and northern Ivory Coast. Height: approximately 22 cm. Shipping costs not included.
