

African Art (2) - Stone Sculpture: Woman, Child, Ritual Object--mali, Guinea, Ivory Coast

550 EUR

Period : 20th century

Condition : Bon état

Material : Stone

Height : 30 cm environ

Description

A striking votive altar sculpture made of stone. Dogon? Djenné? A ritual object evoking the theme of fertility, fruitfulness, or procreation (?), depicting a female or male figure and a child. In good overall condition. Rare waxy patina. A few small impact marks. Collected in the 1950s in the region of southern Mali, eastern Guinea, and northern Ivory Coast. Height: approximately 30 cm. Shipping costs not included.
