### Description

A beautiful, large TOBA horseman figurine on a mule from the Meiji period (1868-1912) in Japan. A very beautiful antique piece, made of copper-based metal, with a superb brown patina. The piece is well-preserved; I should note a small chip in the enamel on the shoulder, but it's nothing serious. Maximum height: 57 cm Maximum length: 55 cm Depth: 18 cm Shipping available to France and worldwide via secure parcel service upon request.
