Description

A mid-19th-century walnut boat-shaped sofa, characterized by an elegant frame with a carved backrest. The central motif depicts opposing anathema, a detail that is harmoniously repeated on the armrest posts. The curved legs give the piece a dynamic and sinuous appearance. The seat, backrest, and armrests are fully upholstered, ensuring comfort and a welcoming look. A representative piece of Italian craftsmanship from that era, combining functionality and aesthetics in perfect balance. Product condition: Due to its age and wear, this item requires restoration and refinishing. We strive to present the actual condition of the piece as fully as possible through the photos. If certain details are not clear from the photos, the information provided in the description takes precedence.
