Set Consisting Of Two Large Chandeliers And A Pair Of Wall Sconces Made Of Polychrome Sheet Metal

3 800 EUR

Period : 20th century

Condition : Bon état

Material : Painted metal

Diameter : 85cm

Height : 87cm

Description

An exceptional and extremely rare set consisting of a pair of chandeliers and a pair of wall sconces made of polychrome sheet metal, circa 1900. Complete sets comprising a pair of large chandeliers accompanied by their original wall sconces have become particularly rare today. Crafted from stamped, cut, and painted sheet metal, entirely adorned with roses and foliage in relief. The chandeliers feature a large central urn with polychrome floral decoration, arms with double volutes, and original polychrome paintwork in shades of olive green, wine red, and yellow. The wall sconces feature exactly the same design, confirming that this is an original set. This set would be perfectly suited for a historic residence, a castle, a private mansion, a stately home, or a high-end interior design.
