### Description

This pair of 19th-century hand-colored engravings represents the pinnacle of Romantic genre painting associated with the Grand Tour in Italy. The works reproduce the subjects of the famous canvases on display at the Louvre, which immortalized the Swiss painter Louis Léopold Robert. "The Arrival of the Reapers at the Pontine Marshes" "The Pilgrimage (Return from the Festival) to the Madonna dell'Arco" All are set within elegant period frames made of ebony-stained wood. Condition as shown in the photos. The price is for the pair. I'm also on Instagram "Mercantedarteroma"
