Birdcage

950 EUR

Signature : Dans le goût de DElft

Period : 19th century

Condition : Bon état

Material : Earthenware

Diameter : 26

Height : 52

Description

Earthenware birdcage; inside is a small earthenware bird.The cage has been converted into a lamp (easy to restore to its original condition).Made in the Delft (Holland) style, round in shape and resting on 6 round legs.Presumably a French piece, likely from the Samson factory in Paris.Dated to the late 19th-early 20th century.Height of the cage = 52 cm; with its chain, approximately 1 meter.Diameter: 26 cm The cage is in good condition; needs cleaning (dust).Beautiful quality !
