

Large Wall Sconce With A Swiveling And Adjustable Arm, éditions Maison Lunel, Paris, Circa 1960

3 800 EUR

Period : 20th century

Condition : Bon état

Material : Metal

Length : 135 cm

Diameter : 45 cm

Height : 45 cm

Description

Large wall sconce with a black-lacquered metal and brass swing arm and dual "diabolo" shades. The light arm is attached via a ball joint to a pivoting shaft extending from a black perforated metal and brass wall plate. The diabolo shade is attached on either side of a ring fitted with a plug and mounted on a ball joint, allowing it to be adjusted in any direction. One switch.
