### Description

A charming small polychrome terracotta statuette depicting an Eastern sage seated beside an openwork vessel, likely associated with the world of scholars. The vessel--featuring a circular opening surrounded by five small perforations--was almost certainly designed to hold an accessory that is now missing (such as a brush, an incense stick, or perhaps a pipe). An Asian art piece dating from the late 19th or early 20th century. Dimensions: H8 x W 8.5 x D 7 cm. Good overall condition with normal signs of wear consistent with its age. Careful shipping; tracked package within 24/48 hours. In-store pickup available (in the Paris region). Payment options: Credit card, bank transfer, or PayPal.
