### Description

A striking "mystery object" made of glazed stoneware in beautiful shades of brown, ochre, cream, and black, mounted on a natural bamboo handle. The head, pierced with nine evenly spaced holes and accented by a half-moon relief, suggests a function that remains unidentified to this day, further enhancing the enigmatic nature of this piece. The piece as a whole suggests Japanese craftsmanship, likely from the Showa era (1926-1989), or from a workshop influenced by Japanese aesthetics. An attractive, handcrafted piece, enigmatic, and of fine quality. Careful shipping; tracked package within 24/48 hours. In-store pickup available (in the Paris region). Payment options: Credit card, bank transfer, or PayPal.
