Description

A beautiful neoclassical vase crafted from various types of marble. An interesting piece featuring an elliptical body on a rectangular base and a turned baluster pedestal. Italian work dating from the last third of the 18th century, most likely from workshops specializing in so-called "Grand Tour" production located in and around Rome...In very good overall condition, with a few old repairs and a superb patina throughout. A beautiful, highly decorative piece thanks to its size and very elegant, classic lines. Note: Shipping to France is available via Colissimo with tracked delivery requiring a signature: 50 euros. Other destinations available upon request.
