

Sicilian Wood And Carved Wrought Iron Cart Axle Converted Into A Table

620 EUR

Period : 19th century

Condition : Bon état

Material : Painted wood

Description

A Sicilian cart axle made of wood and wrought iron, carved and openworked with a battle scene. It is adorned with figures crossing swords. This decorative panel was mounted on the cart's axle, with a wrought-iron pediment suggesting floral scrollwork. Sicily. Late 19th century. It has been converted into a coffee table and features very thick glass. Length: 125 cm Height: 45 cm Width: 45 cm
