

Oil On Canvas, *the Great Feeding Rooster*, 18th Century

6 200 EUR

Period : 18th century

Condition : Très bon état

Material : Oil painting

Width : 72

Height : 42

Description

The artwork depicts a large rooster, standing in an anthropomorphic pose, pouring food from a large bowl onto a group of hens and chicks scurrying around him. Perched on a pedestal adorned with Baroque motifs, the rooster strikes an almost divine or regal pose. Surrounding him, hanging foliage, insects (dragonflies, butterflies), and meticulous detailing add a bucolic and theatrical touch.
