Description

Devotional brooch made of carved ivory -- Virgin Mary, 19th century (made before 1947) Oval signed medallion carved from ivory, depicting the Virgin Mary in profile, eyes closed, her veil falling in simple folds. A 19th-century piece, featuring soft and even modeling typical of high-quality small devotional sculptures. Original brass setting, with a functional pin. Overall condition is very good: ivory is sound, surface is well-preserved, no chips. Dimensions: 4.7 cm high, 3.5 cm wide, 1 cm deep. Period ivory, carved before 1947 in accordance with regulations in effect at the time.
