Description

An elegant Universal Genève watch in stainless steel, powered by a hand-wound mechanical movement and equipped with the Caliber 42, a Swiss movement renowned for its precision, reliability, and quality of construction. Its cushion-shaped case, with soft and perfectly balanced lines, elegantly embodies the watch design of the 1970s. Its meticulously crafted profile is particularly noteworthy: the delicately domed case back naturally conforms to the wrist, providing remarkable comfort and a particularly soft, pleasant feel when worn. The dial, with its great simplicity, is enlivened by black Roman numerals that contrast elegantly with its natural ivory patina. The particularly slender hands, deliberately understated, reinforce this impression of lightness and balance, allowing the purity of

the design to take center stage. This pursuit of simplicity is precisely what gives it its charm: far from a showy aesthetic, this Universal Genève captivates with its precise proportions, the harmony of its lines, and a quiet elegance that is fully revealed once the watch is worn. It offers more than just a timekeeping instrument; it embodies a true work of design, where every detail contributes to a remarkably cohesive whole. Thanks to its particularly well-balanced dimensions, this watch has a discreet and refined presence on the wrist. Its size makes it a unisex model, one that can be worn just as elegantly by a woman as by a man--a quality that is particularly sought after today for vintage watches with harmonious proportions. The watch is presented on a black, waterproof buffalo leather strap, offering comfort, durability, and an elegant contemporary finish that perfectly complements the understated character of this Universal Genève. A fine Swiss-made watch, captivating for the simplicity of its lines, the quality of its movement, and the exceptional comfort provided by its subtly domed case. Its timeless, understated aesthetic makes it a particularly endearing vintage piece, whose refinement is best appreciated on the wrist rather than at first glance. A discreet, chic, and authentic watch, designed for watch enthusiasts who recognize the elegance of the most refined designs. In perfect condition and fully serviced, we guarantee the proper functioning of this watch for one year (except in cases of impact or submersion). Model: Universal Genève Year: 1970 Movement: mechanical, hand-wound Caliber: 42 Anchor escapement Case: steel Dial: original, Roman numerals Glass: mineral (original) Strap: so-called waterproof buffalo leather, on buckles Buckle: pin buckle, steel, replaced Payment can be made entirely online via the website.
