Description

A wine decanter...Made of cut blown crystal...With solid silver mounts...Hallmarked with the "Minerva" mark, 1st title...That is, 950/1000...Since the silversmith's hallmark is poorly engraved, I cannot say who made the silver parts...The glassware is from SAINT LOUIS - FRANCE...From the late 19th century...The stopper is original...And the closure is emery-finished...A few spots...And some minor dents on the silver...It is not cloudy and has no internal air bubbles near the neck...It holds the standard bottle capacity...Weight ... 548 gr
