Height : 88 cm

Description

Signed Seascape, Oil on Canvas, Harbor Scene, Circa 1930 An elegant oil-on-canvas painting depicting a harbor scene with fishing boats moored in calm waters. The work is executed in a lively, free style inspired by Impressionism, using soft shades of blue, gray, and ochre to create a peaceful and luminous maritime atmosphere. The reflections of the boats on the water, the cloudy sky, and the harbor structures in the background lend depth, balance, and character to the composition. Signed in the lower right corner, though the artist's name remains difficult to identify, this painting captivates with its decorative charm and pictorial sensitivity. It is presented in an antique gilded wooden frame that enhances its warm presence and elegance. A beautiful seascape from the early 20th century,
