Description

The gradation of the sea, the transparency of the water--do they respond to the overcast sky or to the clearing that is taking shape?Is the wind picking up? The foam at the base of the cliff--a disturbance, ain motion.Is this the calm before the storm?This painting invites us to use our imagination. It connects us, sparks conversation, and offers a new perspective.Whether at home or elsewhere, everyone will see in it what speaks to them.The painterly quality--the light as well as the shadows--invites us to introspection.(54x32 cm)The frame, with its understated elegance, features awith a fluted background and a ribbon, all set on a pearl-colored background.It complements this work perfectly.
