Description

A beautiful and imposing Art Deco vase featuring stylized foliage, crafted by Daum. A very attractive design for this vase, typical of the Art Deco period, with a fully acid-etched decoration featuring a stylized plant motif. Deep etching creates a granite-like effect, while geometric line and leaf motifs enhance the overall design. Beautiful lemon-yellow color. 27.5 cm tall, 22 cm in diameter. Signed on the base "Daum 'Croix de Lorraine' Nancy France," in perfect condition, circa 1925. A very beautiful Art Deco vase--so modern for a piece that's 100 years old! Perfect for displaying on a beautiful sideboard.
