Description

An exceptional, monumental Art Deco fountain, crafted from glazed ceramic in predominantly deep blue tones, featuring a particularly elegant and balanced architectural structure. The piece rests on a wide rectangular base incorporating side basins, topped by a vertical central section punctuated by geometric forms typical of the aesthetic of the 1920s and 1930s. The façade is adorned with a remarkable stylized gilded mask featuring expressive and decorative features, evoking the mythological and theatrical influences characteristic of the period. The fountain bears the signature E.R. The upper section features a large, flared basin resting on an ornate base, forming the focal point of the composition. The glaze, with its deep and nuanced shades of blue, gives the piece a strong
