Description

This item is both rare and valuable. It is a cushion with embroidered patterns from Uzbekistan. Very few items of this kind exist. What is remarkable is the extreme fineness of the weave. Let's just say that, with wool, it would be hard to make anything finer. Also remarkable are the repeating pattern on the surface and the bands on the side, which allow us to identify the piece's geographical origin. Here is a century-old piece whose geometric design makes it a timeless and highly decorative work of craftsmanship. The butterfly-shaped motifs are hand-embroidered. These delicate shapes are arranged in multifunctional diagonal patterns. The exclusively plant-based dyes have retained their vibrancy over time. The piece is in perfect condition. Circa 1920. Dimensions: 95 x 37 cm
