Height : 13

Description

The green "LIMOGES A.F." stamp is the mark of A. Lanternier & Co. Limoges, one of the most famous luxury porcelain manufacturers in Limoges. Founded: 1857 by Alfred Lanternier in Limoges. Reputation: A luxury collectible porcelain brand, renowned for its tableware. Museum: There is even an "A. Lanternier Limoges Porcelain Collection" at the Adrien Dubouché National Museum in Limoges. Style and Dating: The green "LIMOGES A.F." mark generally dates from the late 19th to early 20th centuries, approximately 1895-1920. This is consistent with the Empire style of your set: chalice-shaped cups on a pedestal, a cobalt band, and gold friezes. A. Lanternier produced many Empire- and Louis-Philippe-style sets for export and the bourgeoisie.
