Description

Authentic gilt-bronze hot-water bottle lamp from the Louis XVI period. Model with three adjustable lights. Circular, bowl-shaped base. Fluted column shaft with guilloché decoration. Molded cups and finials. Beautiful period mercury gilding (in excellent condition). Adjustable metal shade, painted antique green, consisting of five parts. The two adjustment keys are original to the piece. Probably a Parisian piece from the late 18th century. Beautiful period gilding; not drilled for electrification.
