Condition : Bon état

Material : Walnut

Width : 35cm

Diameter : 35cm

Description

19th-century stool made of solid walnut 1830-50
It swivels and lifts very well; the three legs are stable and sturdy, but one of them could use a heel or a piece of wood to raise it to be re-glued and planed. The seat is still very firm and entirely original; just the fabric needs to be replaced.
