Description

An elegant pair of vintage earrings crafted in 18-karat yellow gold and set with two striking round cabochon rubies weighing approximately 7.80 carats each. The stones feature a refined reddish-purple hue and are set at the center of a sophisticated openwork setting. The radiating pattern surrounding each ruby creates an elegant sunburst effect, lending lightness, depth, and harmony to the design. The cabochon cut enhances the color and natural character of the stones, while the warm hue of the yellow gold further accentuates their presence. The generous proportions and sculptural craftsmanship give the earrings an elegant and sophisticated look. Featuring clip-on closures, they can be worn even without pierced ears.
